

# Distribution Line Card – LaserLight SMD Products

LaserLight SMD Emitter

LaserLight SMD Emitter mounted on Star MCPCB

| Product Family                | Part Number  | Lumen Output (lm) | Infrared Output (mW) | Cu MCPCB Star Mounting | Infrared Wavelength (nm) | White Color (CCT) | Status / Phase | Application                                                                                                             |
|-------------------------------|--------------|-------------------|----------------------|------------------------|--------------------------|-------------------|----------------|-------------------------------------------------------------------------------------------------------------------------|
