

Push-Push Micro SIM

SIM7155

- Ⓞ *Cost effective alternative to standard competitor Micro SIM connectors in the market*
- Ⓞ *SUS304 stainless steel shell for increased durability*
- Ⓞ *Compact footprint for space-restricted designs*

Vital Stats

SIM Card Type	Card Eject Mechanism
Micro	Push-Push
Operating Temp.	Mating Cycles
-40 to +85°C	3,000
Card Detect Switch	Shell
Yes	Stainless Steel

- 1 Micro SIM interface
- 2 Push-Push card eject mechanism
- 3 Card detect switch
- 4 Compact 259mm² PCB footprint
- 5 6 gold-plated sprung contacts
- 6 Polarised card stop

Applications

Smart Metering
Fleet Tracking
Fire & Security Alarms
Cloud Solutions
Medicine Administration
