

➤ About CODACA

Shenzhen Codaca Electronic Co., Ltd, is a national high-tech enterprise with focus on developing and manufacturing magnetic components such as power inductors, Common Mode Choke...Our company was established in 2001 with headquarter in Shenzhen and production base of 30000m² in Heyuan, Guangdong Province. We have more than 900 employees.

Our main products include High Current Power Inductor, Molding Power Choke, High Frequency & High Current Power Inductor, High Current Power Inductor for Digital Amplifier, SMD Power Inductor, DIP Inductor, Rod Inductor, Common Mode Choke, Air Coil, Bonded NdFeB Magnets. These products have been widely used in markets such as Industrial Control, Automotive Electronics, Medical Electronics, Renewable Energy, Motors Driver, Communication Equipment, Digital Amplifier, Financial Electronics, Power Supply and etc..

➤ Product Features

➤ Application

Automotive

- OBC
- BMS
- Lighting
- Infotainment
- Motor Drives

Automation

- AC Power-in
- UPS
- Power Supply
- DC-DC Converter
- BLDC Servo

Renewable Energy

- Power Supply for Central Control Platform
- Isolated Gate Driver
- Torque Controller
- DC Outlet

Medical

- Power Supply for Vital Sign Measurements
- DC Pre-regulation (Boost stage)
- BLDC Drives (Buck stage)
- ACDC System Power Supply (Offline stage)

Digital Audio

- Full-bridge Converter
- System Power Supply
- Signal Transmission

Communication

- Server
- Network Switch
- Communication Power Supply
- 5G Base Station
- Router
