

Value Engineered Type C

USB4056

- Value engineered USB Type-C socket
- USB Version 3.2 Gen 2 for Full 5 Amp charging and 10 Gbit/s data transfer
- Shell stakes, retention tabs and hybrid solder tails for strength and durability

Vital Stats	
Mating Cycles	Shell Material
10,000	Stainless Steel
Current Rating	USB Specification
5 Amp	3.2 Gen 2
Profile Height	No. of Contacts
3.31mm	24

- 1 USB C interface
- 2 High grade steel shell
- 3 4 shell stakes
- 4 24 hybrid-mount PCB contacts
- 5 3.31mm profile
- 6 Shell tabs for added plug retention

Applications

3D Printers
Audio Equipment
Gaming Headsets
Security Sensors
In-Car Entertainment
