

SIGNATURE SERIES

IP68 SP series

**ENVIRONMENTALLY
SEALED
CONNECTOR**

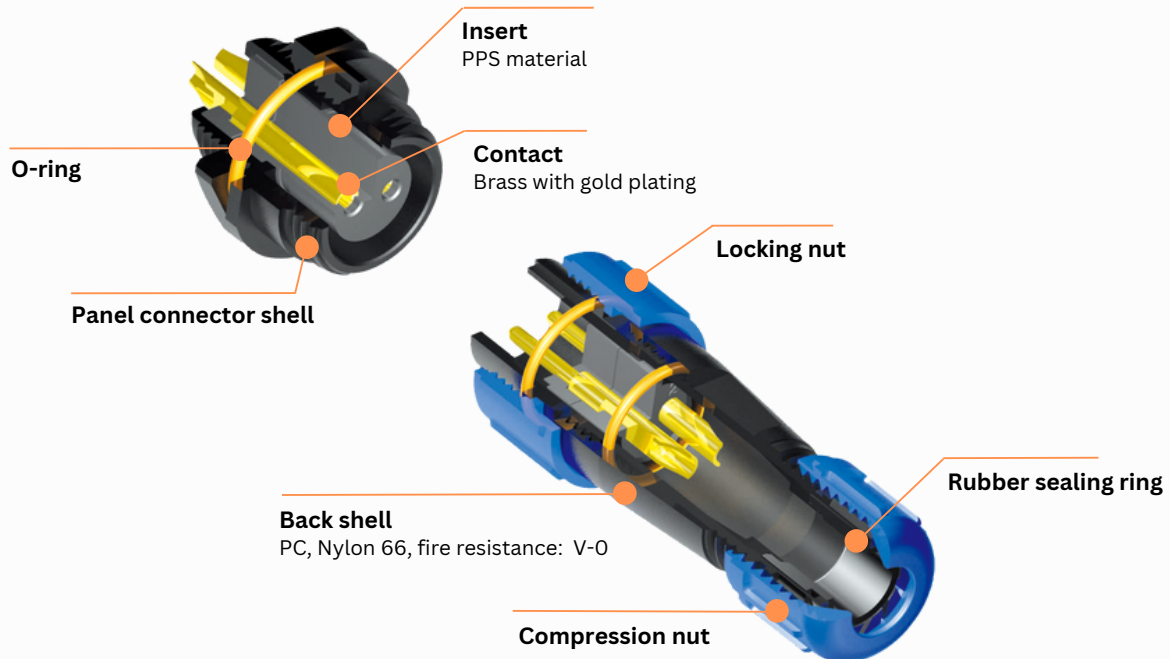

according to the latest standards

Advantages at a glance:

- Protection IP68
- Applicable up to +85°C
- Mating cycle 500 times
- Customized color options
- Solder, crimp, screw termination
- Waterproof & dustproof caps
- Threaded coupling
- from 1 to 35 pin options
- Size available 11-29
- Up to 100A, 500V

With solid threaded coupling, multiple O-rings structures, and the rubber ring design, the SP series can achieve IP68 sealing protection.

INDUSTRIAL SOLUTION

Well fits for harsh environments

- Renewable Energy
- Security
- Test & Measurement
- Agriculture
- E-mobility
- Traffic Engineering
- Medical Technology
- Mechanical Engineering
- LED Lighting
- Telecommunication

- IP68
- Power, signal, hybrid connection
- UV resistance
- temperature resistance
- High current support
- Certification-approved
- Cable assembly & Overmolding available
